

Construction Types for HBCF cover V.2

Construction type codes are listed in the Eligibility Manual.

icare HBCF is an insurer and where HBC cover is required it will determine whether to provide that cover. However, it is not the responsible authority for either determining whether cover is required for a particular project or whether work is 'residential building work' or constitutes a 'dwelling' for the purposes of the Home Building Act.

Construction code	Construction type	No. of policies/ certificates of insurance
<p>C01</p> 	Single lot with proposed new single dwelling.	One policy and one certificate of insurance.
<p>C01</p> 	Single lot with more than one proposed new free-standing single dwelling and intention to subdivide.	Equal number of policies/certificates of insurance to the number of dwellings to be built.
<p>C02</p> 	Alterations/additions to the common property of a multi dwelling building (e.g. block of units) over any number of storeys where most of the work is structural. Also includes terraces, villas, townhouses etc. where subject to strata, company or community title.	Where contract price divided by number of dwellings is \$20,000 or less - one policy and one certificate of insurance. Where more than \$20,000 - one policy and one certificate of insurance for each dwelling.
<p>C03</p> 	New multi dwelling construction (three storeys or less) e.g. a block of units, also terraces, villas, townhouses, duplexes, triplexes etc where strata, company or community title exists or is proposed.	One policy only, but one certificate of insurance for each dwelling.
<p>C04</p> 	Single dwelling alterations/additions where most of the work is structural work including water proofing membranes	One policy and one certificate of insurance.
